Mel Grieshaber conducted the swearing in of the newly elected officials.

Mel Grieshaber gave his Executive Director's Report. A written report is attached.

Tom Tylutki reported on the following topics:

Reminded the delegates to keep the Crisis Fund in mind when filling out their vouchers. The fund gives out thousands of dollars every year to officers and their families in times of need. Also that the proceeds from the Silent Auction, coordinated by Cary Johnson and Phil Fleury, during Central are designated for the Crisis Fund.

Reported the closures of Standish and Camp Lehman have been finalized. In that layoff unit (Standish, Saginaw, St. Louis, Mid-Michigan, Pine River and Tuscola Re-entry) there were approximately 70 officers laid off. Many of those officers took a job in lieu of layoff. Tom reminded the body that those who take a job in lieu of layoff are treated like laid off for purposes of their layoff unit in regard to their 3 year recall rights.

Since last Central Muskegon has shipped out all Michigan prisoners and has just taken in over 1120 inmates from Pennsylvania. The transition has been challenging and issues around proper classification and staffing (like we face elsewhere in the state) are appearing there too. Problematic prisoners at MCF however, cannot be moved to a higher level prison which causes additional problems. MCO and the MCF administration were successful in expanding Temp SEG to Detention SEG to address the problem.

There were no layoffs in the Muskegon layoff unit. Because one housing unit remains closed, 16 officers transferred to Brooks and West Shoreline. A Letter was agreed to that gives these 16 officers recall rights to MCF first and then the state-wide recall.

MCO's Field Organizers continue to tour facilities and collect survey data. We're working to get more involved in community affairs, school board and township issues and more in an effort to engage members with lawmakers and educate the community on corrections issues. The state board has sanctioned this program and believes it will make MCO better and stronger.

The Field Organizers along with Jeremy Tripp have been instrumental in mobilizing members for Town Hall Meetings, pickets, face to face meetings with legislators, letter writing and more. Turnout has continued to increase at these functions.

MCO and SEIU International have held gubernatorial screenings for candidates for the next Governor of Michigan. All parties are invited to participate and it gives the rank and file members a chance to communicate and ask questions directly to the candidates.

The 3% raise slated for 10.1.10 was under attack by the Republican Senate which voted three times to take it away. MCO, however, worked hard at meeting with lawmakers, and they failed to get sufficient votes. The Democratic House never took it up.

The 3% raise, however, is unfunded in the budget. This means that the DOC will have to find the money from elsewhere in its budget. The DOC has indicated there will be a consolidation of Pine River and Mid-Michigan, and that they will reduce regions from 3 to 2, eliminating one RPA.

Since the last Central a special Executive Council meeting was held, and a ratification vote taken by the membership to overwhelmingly accept a one year contract extension and a 2-tier health care system for new employees. No one likes this agreement; however it was felt to be the better path in light of what negotiations would look like under intense budget shortages this summer.

An officer at Bellamy Creek was charged with a felony for assaulting an inmate even after the DOC cleared the officer of misconduct. The officer ultimately accepted a plea and is back to work. MCO, and specifically Andy Potter, worked extensively with the Prosecutor's Office and the officer to get this issue behind us and to move on. Thank you.

Two key grievances are currently moving through the process. The Clothing Allowance pro-ration issue is now scheduled for Arbitration. There is also a Medical Marijuana group grievance working its way through which is a cutting edge case based on the recent law change in Michigan.

RTS prisoners from Macomb will soon be moved to Woodland/Maxey. After touring the facility with local reps and Andy we were successful in getting the staff increased from 4 to 6 in those housing units due to the physical plant layout of the older facilities.

MCO was successful in returning the Wayne County Absconder Unit back to MCO after it had been privatized during the Engler administration. As of October 2009 there are 12 CSR's in the Metro Region.

MCO members participated in a State Employee Coalition Rally at the Capitol and are scheduled for another in Detroit on May 7<sup>th</sup>.

MCO's Committees will be re-done so please let us know if you are interested in serving.

Congratulations to Phil Omorogieva from Ryan for being selected as CO of the Year.

We have an appeal on charges from Anthony White of MCF. Charges were submitted to the E-board against the local president, Darren Ansorge, for not filing a grievance on behalf of White. After investigation and review, the charges were deemed untimely and lacking in merit. The E-board voted unanimously to not them send to a Trial Board. Anthony will be personally appealing this decision to this body later today.

As of May 3, 2010, we had 165 open grievances: 1 at 2<sup>nd</sup> step, 50 at 3<sup>rd</sup> step, 76 at pre-arb, 2 combined with other grievances, 5 on hold, 2 pending settlement, 19 at arbitration, and 10 on appeal to the board.

Finally, a reminder that the Annual Crisis Fund Golf Outing is scheduled for August 20, 2010.

Adam Douglas reported on the activities of the Health and Safety Committee. Douglas explained how the committee works. They are currently still working on getting plastic locks. He discussed the bullet proof vests and the various problems we are having around the state. He also discussed having keys to prevent hostage taking.

John Ost reported on the activities of the Uniform Committee. Currently MSI is 1 month behind on orders. If members are experiencing problems please take them to your wardens as many of the issues have been tracked back to the facilities. The new ordering system will be able to track all orders, how many the individual has received, last time an order was placed, and a running log of outstanding orders. If you are having problems with your zippers MSI has an exchange form to speed up the process of replacing them. Do not reorder new pants. Sweaters are now in, but remember that you can only order a sweater or a vest, not both. And finally that the wear-in date has been extended. Officers will now have until December 31, 2011, to transition to the new uniforms (including the Dickie pant).

Phil Fleury announced the Crisis Fund Silent Auction Winners and that over \$900 was raised for the Crisis Fund. The Crisis Fund Raffle was conducted with the winners drawn and announced.

Bill Henderson reported on the activities of the Efficiency Advisory Committee. Bill distributed a list of questions and answers on cost savings suggestions that were brought before the committee and the answers/status derived from the April 21, 2010, meeting. The Department agreed to look into reducing the number of acting positions or at least putting on their books the OT created by using MCO officers in management positions. They also support reduced capital equipment and transportation is currently returning 47 vehicles. The Department, however, is not interested reducing school pay, combining the Sgt. and ARUS class or making visitors pay for a parking pass, among others.

Anthony Martin made his personal appeal to the Central Committee of the board's decision to not send to trail charges against Darren Ansoerge. Anthony Martin spoke to the Central Delegates on why he filed the charges. Darren Ansoerge of MCF also spoke. Central Delegates asked questions of both Anthony and Darren.

Motion to debate by James Sims. Supported by Ponda Esu and MOTION CARRIED.

Motion to end debate by James Sims. Supported by Kip Smith and MOTION CARRIED.

Motion by James Sims to uphold Executive Board Decision on these charges. Supported by Kip Smith and MOTION CARRIED.

As there was no further business, motion was made by James Sims to adjourn. Supported by Larry Henley and MOTION CARRIED. The meeting stood adjourned at 3:25 p.m.

Respectfully Submitted,

Jim Johnson

Mel Grieshaber gave his Executive Director's Report. A written report is attached.

Brent Kowitz reported on the activities of the Uniform Committee. (Brent Kowitz, Larry Henley, John Gallagher, Dan Miller, Terry Bridges, Cary Johnson). Brent reported that they all toured KCF MSI facility on October 26, 2010. Brent explained the new system to order uniforms that will be used by all facilities. Uniforms will be ordered through the Captain on shift on a officer's hire date anniversary. John Ost was recognized and thanked for his many years of service on the Uniform Committee.

Bill Henderson reported on the activities of the Efficiency Advisory Committee. (Bill Henderson, Bruce Waldron, Andy Potter) Bill reported on savings made in Transportation Efficiency, Food Service, RPA Consolidation, MDOC Central Office Staffing, Prisoner Health Care and Pharmacy Management that are a result of member suggestions and the Committee's efforts. The Committee has proposed alternative energy and some facilities have begun to transition to green technology. The MDOC has identified vehicles that are not in use and is working to discontinue their lease agreements. The DOC is increasingly using TELEA-COURT, and with that success the Committee is pushing for increased use of TELEA-MED.

Andy Potter reported on the activities of the Crisis Fund Committee. Andy believes the fund is being strained by a greater need and fewer donations. Andy explained the history of the Crisis Fund and how much funds are distributed every year to our members in need. He further explained how the Crisis Fund Raffle works. The raffle was conducted with the following winners: 1<sup>st</sup> Prize Kim Sheffer, 2<sup>nd</sup> Prize Mark Cloe, 3<sup>rd</sup> Prize Mike Psenski, 4<sup>th</sup> Prize Angela Eichorn, 5<sup>th</sup> Prize Longmire, 6<sup>th</sup> Prize Steve Lehto Jr., 7<sup>th</sup> Prize Harold Warr, 8<sup>th</sup> Prize Todd Gould.

Andy also reported that all CTO issues are now handled through MCO Labor Reps.

Tom Tylutki reported on the following topics:

Tom presented a plaque of recognition on behalf of MCO to Recording Secretary Jim Johnson for his many years of service and wished him a happy retirement.

There is a lot going on around the state right now, but the most controversial is the 3% towards retiree healthcare. MCO will fight this to the end, and is currently working with MSEA, AFSCME, UAW and the State Trooper Association.

In the last year MCO spent \$800,000 on an extensive PR campaign, including mobilizing the membership, hold town hall meetings with Legislators, hold pickets on safety concerns, as well as buy billboard, TV and radio ads. While this has helped to turn out more members at events, we need more. Please commit to going back to your facilities and asking your brothers and sisters to stand together and fight.

We are working through the consolidation of Mid-Michigan and Pine River. Recently elected leaders are Bob Champlin as President, Loretta Smith as VP, Tim Blain as Chief Steward and Darin Devereaux as Secretary. The prisons are renamed and operating as Central Michigan Correctional Facility.

MCO was approached by the MDOC to sit on a Committee to review how tickets are handled. Tom appointed members from all over the state to participate. A lot of complaints with the current system stem from issues with the Hearings Officers, no immediate gratification from the old ticket process. Department has committed in 6 months to sit down and re-evaluate the process.

New Academy to start November 15<sup>th</sup> with approximately 220 officers slated mostly for Woodland, Huron Valley, Adrian, Muskegon and a few to Jackson. There are still some officers laid off, but not willing to relocate to these locations.

Tom gave a clarification on the difference regarding layoff recall and return rights.

The Department has reduced Regions from three to two, now known as the Northern and Southern Regions. The Northern Region Presidents will be meeting with RPA Gerri Ann Sherry on October 29<sup>th</sup> to resolve local issues.

There are vacant unsecure Level I housing units in Adrian, Cotton, Carson City, Brooks and URF. No officers have been displaced through this process.

Alerted officers that the DOC is searching for ways to bridge the gap on the deficit and approached MCO about exploring an agreement on closing of assignments. We emphatically said no. – “it’s not safe, we are already cut to the bone.”

The Comp cap is 200 with 100 on the books once again this year. Some officers were at 195 and unable to get to 200 because you could not split the comp/and cash. We worked out under these conditions in lieu that you can get to your Comp Cap and take the rest in cash.

There are a few CTO issues. MCO won an arbitration in which CTO’s are guaranteed, like other officers, eight hours between shift when working O.T. Also, there are some being forced on 4-10 schedule. That grievance is moving through the system and it is the Board’s belief, at this time, that such a schedule is voluntary and cannot be mandated. Also a reminder that the CTOs are a part of the chapter where they are physically located, so please make sure to help them with their issues and encourage them to get involved in chapter business.

The clothing allowance Arbitration was granted at Pre-Arb. It was a \$30,000 settlement with a 120 day waiver to identify those harmed.

Woodland Correctional has opened its infirmary and will soon be expanding into the units. Currently occupied by DHS, the old Maxey facility for juveniles will be moved across the street. Approximately 60 new officers from the Academy are headed to Woodland. MCO was successful in adding additional staff to the new housing units and will continue to advocate for staffing these units properly.

Work crews have been shut down in the Southern Region with no layoffs.

SAI received funding but also has a two year sunset. It is no longer a traditional boot camp. Corporals are teaching classes and programs and they have lightened up on the P.T. The population has increased to 375.

MCO continues to work through the many issues surrounding the housing of the PA prisoners at MCF. We are requesting more officers and the Department is expanding segregation beds.

Reminds everyone that October is the open window for Closer to Home Transfers.

As of October 20, 2010, we had 179 open grievances: 1 at 2<sup>nd</sup> step, 66 at 3<sup>rd</sup> step, 83 at pre-arb, 1 combined with other grievances, 4 on hold, 1 pending settlement, 17 at arbitration, and 6 on appeal to the board.

Finally, a reminder on the upcoming Gubernatorial Election. For those that missed the debate, one very important message from Candidate Snyder was made. He clearly stated that public employee compensation needs to be in line with the private sector, and while he realizes that public employees have families, he intends to make adjustments in a manner so that they're not constantly looking over their backs. For the record, Snyder has refused to meet with us on several occasions.

Adam Douglas reported on the activities of the Health and Safety Committee. Douglas explained some about the Misconduct Committee and what the concerns are with the current system, and how proposed changes would affect the Hearings Officer position. Adam explained to the delegates the 1, 2, 3, ticket system and how LOP will work under this new plan.

As there was no further business, motion was made by Dan Miller to adjourn. Supported by Larry Henley and MOTION CARRIED. The meeting stood adjourned at 2:15 p.m.

Respectfully Submitted,

Brent Kowitz  
Recording Secretary
