Anti-Worker “Right To Work” Bill Just the Next Step in Gov. Snyder’s Attack on Working Families

Since 2011, Snyder

Raised taxes on senior citizens by implementing a first-ever tax on their pensions.
(HB 4480, 4482-4484)

Gave a \$1.8 billion dollar tax cut to the same CEOs & corporate special interests who gave him huge campaign contributions. (HB 4361)

Raised taxes on the middle class by \$1.4 billion, including raising the income tax, reducing the home stead tax credit for seniors & eliminating the child tax credit. (HB 4361)

Eliminated tax credits for people when they donate to homeless shelters & food banks credits. (HB 4361)

Cut \$1 billion from K-12 education, taking even more resources out of our children’s classrooms. (HB 4325)

Changed the rules to protect the brother of the chairman of the Republican Party & a few wealthy donors from commercial foreclosure, at the same time that thousands of Michigan families are underwater & in danger of losing their homes. (SB 992)

Now...

After labeling right to work a divisive issue for the past two years, Snyder comes out in support of anti-worker bill that is a devastating blow to the middle class.

Call Governor Snyder at 517-373-3400 and tell him to represent Michigan families and not just corporations and the wealthy

What you can do to support Michigan’s working families:

If you want to help in your district email: midistricts@gmail.com

If you want to participate in workplace actions Monday, email: mimondayactions@gmail.com

Wear Red on Monday!

Join us at the State Capitol on Tuesday all day!
