Please initiate a Telemedicine (eVisit) with one of our providers. During the visit, our provider may direct you to one of our clinics for testing and will discuss with you the most appropriate test. If you are referred to the clinic, please stay in your car and one of our trained staff will come to the car to test you. Testing is covered by most insurance. The antibody test will result in 15 minutes, and the Nasal Swab PCR test will result in 24-48 hrs.
