

2023 MCO Big Buck Tournament Score Card

Detail of Point Measurement

ABNORMAL POINTS

Right Antler	Left Antler
--------------	-------------

SEE OTHER SIDE FOR SCORING INSTRUCTIONS

BELOW DATA (A, B, & C) DO NOT CALCULATE IN THE FINAL SCORE BUT ARE REQUIRED

A. No. Points on Right Antler		No. Points on Left Antler				
B. Tip to Tip Spread		C. Greatest Spread			SUBTOTALS	
					TOTAL TO E	
D. Inside Spread of Main Beams				Column 1	Column 2	Column 3
				Right Antler	Left Antler	Difference
E. Total of Lengths of Abnormal Points						
F. Length of Main Beam						
G-1. Length of First Point						
G-2. Length of Second Point						
G-3. Length of Third Point						
G-4. Length of Fourth Point, If Present						
G-5. Length of Fifth Point, If Present						
G-6. Length of Sixth Point, If Present						
G-7. Length of Seventh Point, If Present						
H-1. Circumference at Smallest Place Between Burr and First Point						
H-2. Circumference at Smallest Place Between First and Second Points						
H-3. Circumference at Smallest Place Between Second and Third Points						
H-4. Circumference at Smallest Place Between Third and Fourth Points						
TOTALS						

ADD TOGETHER:	Spread Credit		Location of harvest		County:	State:
	Column 1		Member Name:		Date Killed:	
	Column 2		Member Employee Number:		Telephone #:	
Subtotal			Member's Address:			
SUBTRACT:	Column 3		City:	State:	Zip Code:	Member Facility:
FINAL SCORE			Remarks (Mention Any Abnormalities or Unique Qualities):			

Mail To: Austin Brown 421 W. Kalamazoo St. Lansing, MI 48933 ~ austin@mco-seiu.org

INSTRUCTIONS FOR MEASURING TYPICAL WHITETAIL DEER

All measurements must be made with a 1/4-inch wide flexible steel tape to the nearest one-eighth of an inch. (Note: A flexible steel cable can be used to measure points and main beams only.) Enter fractional figures in eighths, without reduction.

- A. Number of Points on Each Antler: To be counted a point, the projection must be at least one inch long, with the length exceeding width at one inch or more of length. All points are measured from tip of point to nearest edge of beam as illustrated. Beam tip is counted as a point but not measured as a point. Point totals do not add into the final score.
- B. Tip to Tip Spread is measured between tips of main beams. Tip to tip spread does not add into the final score.
- C. Greatest Spread is measured between perpendiculars at a right angle to the center line of the skull at widest part, whether across main beams or points. Greatest spread does not add into the final score.
- D. Inside Spread of Main Beams is measured at a right angle to the center line of the skull at widest point between main beams. Enter this measurement again as the Spread Credit if it is less than or equal to the length of the longer main beam; if greater, enter longer main beam length for Spread Credit.
- E. Total of Lengths of all Abnormal Points: Abnormal Points are those non-typical in location (such as points originating from a point or from bottom or sides of main beam) or extra points beyond the normal pattern of points. Measure in usual manner and enter in appropriate blanks.
- F. Length of Main Beam is measured from the center of the lowest outside edge of burr over the outer side to the most distant point of the main beam. The point of beginning is that point on the burr where the center line along the outer side of the beam intersects the burr, then following generally the line of the illustration.
- G. **1-2-3-4-5-6-7.** Length of Normal Points: Normal points project from the top of the main beam. They are measured from nearest edge of main beam over outer curve to tip. Lay the tape along the outer curve of the beam so that the top edge of the tape coincides with the top edge of the beam on both sides of the point to determine the baseline for point measurements. Record point lengths in appropriate blanks.
- H. **1-2-3-4.** Circumferences are taken as detailed in illustration for each measurement. If brow point is missing, take H-1 and H-2 at smallest place between burr and G-2. If G-4 is missing, take H-4 halfway between G-3 and tip of main beam.

ENTRY REQUIREMENTS FOR MCO Big Buck Tournament

- Be a MCO dues paying member or MCO dues paying retiree member at the time of drawing submission and completion of contest.
- Score card filled out completely.
- Clearly focused pictures of the trophy and the member and the trophy.

All Entries must be received by December 18th, 2023, at 4:00 p.m.

Being a Correction Officer takes Integrity and honor, this tournament is meant for fun, and we hope everyone is honest with their entries.
